V.V.S.G.C. English Primary School

Rajajinagar, Bangalore – 10

Guidelines to Parents

Parental involvement is the key element of the School Development Programme. The programme recognises the critical role the parents should play in their child's education. It means that parents must keep a consistent check on the child's academic interests. A good rapport of parents and teachers is the basis for solid foundation to attain maximum growth of a child.

Hence, given below are a few tips to guide your wards in their learning pattern:

1. You can enhance your child's knowledge through planned and systematic study habits. Help him/her by framing a study time-table. Include time for games, reading story books, viewing educational programmes on the television etc.
2. Reading should be encouraged in both English and Kannada for attaining perfection and speed. Children should possess a few story books in both the languages. Emphasis should be laid on 'gunithakshara.'
3. Listening to a lot of CDs or watching Youtube on rhymes, stories, music etc. will help the child develop English language and also calm him / her.
4. Giving dictation practice will help your child develop spelling concept.
5. After the explanation of a lesson by the teacher, the student is expected to read the lesson, learn the spellings of the underlined words and revise the exercises of the lesson done in the class.
6. After the completion of every lesson, a few activities are done in the class. Further activities related to the topic can be done by the student at home with the parents' guidance which will be appreciated.
7. Once the notes of a lesson is given, he/she should learn at least 2 to 3 answers everyday and have writing practice of the same.
8. With regard to Mathematics, parents are requested to give regular practice to their wards based on the exercises completed in the class.
9. Your child should be guided in his / her day-to-day work. Class work books as well as the school diary should be signed without fail.
10. Help your child improve his / her vocabulary by learning new words from the lessons and using them in simple sentences.

Revision pattern to be followed during tests and examinations:-

1. Revision work done in the school must be checked and signed regularly.

P.T.O

2. The child should be made to read the text books thoroughly to enable them to answer the general questions with ease.
3. An awareness on completing a given work in the stipulated time must be created in your wards.

General Instructions:-

1. For the all-round development of the child, a "Talents –Search Programme" has been introduced. In this regard, parents are requested to train their wards and intimate the teachers about it. The details regarding this will be sent shortly.

2. Parents to send home-made food for lunch as per the requirement of the child and not in excess.

3. Care is to be taken to send your ward in **clean and neatly ironed uniforms and polished shoes.**

4. Parents to help the child carry only the required books to school everyday.

5. Parents can meet the teachers for any clarification after 3.00 p.m.(Monday to Friday) or after 1:00 p.m. on Saturdays.

6. Parents to intimate the Class Teacher / Headmistress, whenever leave is availed by your ward.

7. Payment of fees to be made on or before 10th of every month. After the payment, entry is to be made in your child's school diary without fail.

Parents to adhere to the above guidelines throughout the year & co-operate.
